FCC-MAILROOM

I do not want any company calling me at home to sell or solicit me. If I need to purchase something I will call them.

I want the No call list to continue <sup>in</sup> fact I don't think it goes far enough. I don't <sup>out</sup> the public officials I vote into their offices to solicit me either or to poll me, ~~either~~.

I find it most annoying to have them call to assume or to ask me if I am a democrat or republican, that's why we have a poll booth with curtains so no one knows who I vote for. These elected official are no better than me, why should they have a privilege that business doesn't have.

My phone is for people who I give my telephone number to, not who reaches my telephone number.

PLEASE !      Division of Trade &  
                  Consumer Protection

We have to curb telemarketing.

I am beginning to be so afraid of  
my phone ringing at night with  
UNWANTED calls from strangers. This  
has to stop. It is a horrible  
invasion of my privacy. Please  
leave our law alone,

Sincerely,

Leanne D Nixon

I suggest the State of Wisconsin  
keep the no collect in place for at  
least the next 50 years or so. we do  
not need Telemarketers at all

Dear Sirs:

Please retain WI protection of "no call" list &  
do not allow telemarketers to weaken it to the diluted  
Federal version.

My family really appreciate the current protection  
and hope it continues.

Thank you,

Sincerely,

Matthew Billekens

Gentlemen:

Please save the no call list.

Please inform what I can do to be removed  
from all telemarketer lists.

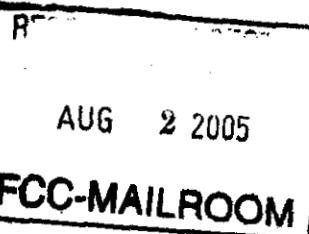

Sincerely,

Joyce D. Oium
